Perambulation Concord & Carlisle

Pursuant to the laws of the Commonwealth— We the undersigned a majority of the Selectmen of the Towns of Carlisle and Concord met this day and perambulated the line between said Towns. We find but twenty-six (26) out of the thirty-four monuments; there being eight (8) missing around what is known as the "Kibbe Place" which should mark the termini, angles, and places where the line crosses a public highway; notwithstanding the perambulators of the year 1848 reported they found the marks and bounds to be correct. With the exception of the above named eight, we found the monuments to be in good condition— We now recommend that the two towns endeavor to agree on a straighter line and take steps to obtain the same or to establish the vacant monuments
