

Recycling – Redeemable Containers

Include these items:

Redeemable plastic & metal beverage containers

Not acceptable:

Redeemable glass containers, any non-redeemable items

How and where to recycle:

Rinse and place in designated containers at Transfer Station (Location 4). If redeemable bins are full, these items should be placed in the normal recycling containers for metal cans and plastics. Do not place items on the ground.

Recycling information:

- Redeemable aluminum cans & beverage containers may be placed in a separate bin, located near the compost bins to be redeemed.
- Residents and community groups are welcome to take the items placed in the redeemable bins.
- Please redeem your own deposit glass containers (e.g., beer bottles). They are heavy and might break if left in the redeemable bin. to explain why we don't currently accept these.
- Be sure to send us an email (recycling@carlislema.gov) to let us know how these redeemables have helped you or your organization. Thanks!
