

# Recycling - Glass

## **Acceptable:**

Clean glass containers (labels ok, no lids, all colors)

## **Not acceptable:**

Windows, mirrors, drinking glasses, plates, Pyrex, china dishes

## **How and where to recycle:**

Rinse containers and remove lids; there is no need to separate by color

Place in designated container at the Transfer Station (Location 7)

## **Recycling Information:**

Carlisle is able to dispose of glass at a reduced cost per ton.

Though glass is not currently recycled into new glass products, it is used as a daily cover at landfills to contain vermin. The Mass DEP considers this a valuable reuse of this material.
