

Climate Resilient Carlisle

Historical Commission

January 15, 2025

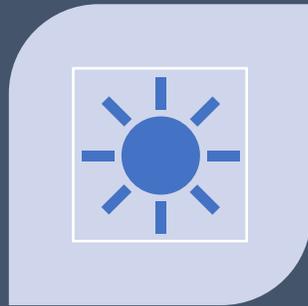

Agenda

- Recap: What we have learned
 - Existing conditions and trends
 - Resilience goals
 - Tools and methods
- Final Report Structure
- Discussion: Recommended Actions
 - Feedback
 - Successful implementation

Existing Conditions and Trends: Climate Change

Greater annual
rainfall with more
intense rainfall
events

More frequent and
intense drought

More frequent and
intense storms
with high winds

Warmer winters
and warmer
summers

Existing Conditions and Trends: Land Use and Demographics

- Heavily forested
- Significant floodplains and wetlands
- Private well water and septic
- Large houses on large lots
- Aging residents

Resilience Goals

Ecosystem
protection

Social
resilience

Housing
resilience

Flood
mitigation

Forest fire
protection
/mitigation

Water
resource
protection

GHG emissions
reduction
/efficiency

Resilient
energy
systems

Multi-modal
transportation

Emergency
response

Local
food/farming

Tools and Methods

Change in
Local Code

Change in
Town Policy

Education

Town Initiative,
Program, or
Action

Resilience actions

...are
interdisciplinary

- Most actions advance multiple goals

...can be advanced
in many ways

- Each action will be advanced through one or more of the tools/methods

...need champions

- We want to develop a roadmap that you can (and will!) implement

Final Report Structure

Roadmap for a Climate Resilient Carlisle

- Intro: Existing Conditions and Trends
- Resilience Goals
- Tools and Methods
- Actions

Actions are most likely to be implemented when they:

- ✓ Are clearly defined, especially the immediate next steps
- ✓ Are important, urgent, or high priority
- ✓ Have champions with the capacity and the authority to advance them

Today's Discussion

- Review the actions associated with the Historical Commission
- Feedback
- Implementation
 - What's the next step?
 - What is highest priority?
 - What is low hanging fruit?
 - What can you own and champion?

Buildings: Facilitate updates to historic structures geared toward energy efficiency, renewable energy, climate resilience

Goals Advanced

- Social resilience, housing resilience, flood mitigation, carbon emissions reductions/efficiency, resilient energy systems

Groups Involved

- Planning Board
- Historical Commission

Tools and Methods

- Change in local policy
- Education
- Town action

Housing: Promote small scale density, reuse existing buildings/materials, variety of housing options

Goals Advanced

- Social resilience
- Housing resilience
- Carbon emissions reductions/efficiency

Groups Involved

- Planning Board, Affordable Housing Trust, Municipal Vulnerability Preparedness Core Team, Environmental Sustainability Committee

Tools and Methods

- Code or policy changes
- Education

Questions?

Reach out if anything comes to mind!

Thank you!!
