Total for base services:	\$39,046 \$2,100/yr

¹ Upon request, CIMS will provide temporary software licenses at no charge for cemeteries that plan to manually enter their data into CIMS to ensure they can complete this in a cost-effective manner. These licenses are typically provided for a one-year term.

² This cost includes up to 43 hours of mapping to the grave space level. Any additional time spent mapping will be billed at \$200/hour. Mapping costs are based on the information provided to Ramaker prior to this proposal being created. If the scope of this project changes based on new or additional information, this cost may be adjusted.

³ This cost includes up to 70 hours of data migration and matching to the map for CIMS Platinum from the Cemetery Deeds To Date Excel file only. Any additional time spent on data migration will be billed at \$200/hour. Data migration costs are based on the information provided to Ramaker prior to this proposal being created. If the scope of this project changes based on new or additional information, this cost may be adjusted. Contact CIMS and Ramaker for cleanup tasks to reduce costs.

⁴ Plus travel costs. 100% of the selected project total is required prior to GPR start date. No service fee will be charged, but expenses will be applied upon project completion. The above price includes GPS Data capture map, scan and tag open burial locations, and the CIMS layer. Field data service is free with the standard deliverable for GPS data capture through 6/30/2025.

⁵ Unused map change hours do not carry over year to year. Includes Burial Search hosting. The annual maintenance fee is first invoiced when the cemetery is ready to go live. First year will be provided at no cost, as agreed on 4/17/2025
